

Mini Size : 118*37*50 mm

TD-M6Plus

2.4" Touch Screen

The TD-M6Plus is a compact and rugged,

Easy to operate

PoC Mobile radio that enables connected over 2G / 3G / 4G / LTE and Wi-Fi for wide-area radio communications.

FEATURES

Spanish / English / French / German / Voice Prompt

Many kinds of voice prompt available to facilitate radio operation for customers in different countries.

Multi-PTT APP compatible such as:

Zello, WalkieFleet, Real-PTT, Comlins, POC Star etc.

Dual Micro SIM Card Slots

Cell Phone Call

2W Audio Output Speaker

Clear communications are critical to user. TD-M6 Plus used 2W Audio output Speaker to provide loud, clear communication at the crowd noise area

4G / 3G / 2G Network Covered

Nationwide Coverage with Wi-Fi and 2G / 3G / 4G / LTE Networks.

Various cellular bands version available to meet with different country's SIM Card.

WiFi connectivity

Built-in Wi-Fi supports in-building communications with seamless switching to 4G / 3G / 2G cellular networks when outside Wi-Fi range.

GPS Position

GPS enables real-time tracking and positioning over the PC Dispatch Console.

2.4" Touch Screen

Compare with the display of normal radios, the TD-M6Plus featured a high-resolution 2.4-inch large touch screen display, cell phone calling, messaging, logging in account, and so on, all operations can be done on the radio directly.

Bluetooth 4.2

Built-in Bluetooth enables connectivity to earpieces, Push-to-Talk mic, and other wireless accessories.

Emergency Alarms and Calling (SOS)

Emergency Alarms can be sent to other radios via the one touch programmable button. Improves worker safety and emergency response time.

RAM + ROM: 1 + 8GB

1+8G large memory storage

General call / Private / Group

Text messaging

Receive / View Message from PC Dispatch Console or other TID PoC devices.

Google play (Optional)

Total Screen, Screen projection Tool

Project device screen onto PC computer screen where you can use mouse and keyboard to control up to setting the radio device.

Stun and revive (Depends on platform whether support this function or not)

Dispatcher can remotely stun (disable) or revive (return to service) if the radio is lost or stolen

Warranty

As a reliable two way radio equipment supplier since 2000 in China, we are responsible for our customers, and providing warranty of 12 months for radio body.

Please take pictures and videos of the products you bought and contact us to solve the problem.

Target Applications

Fixed annual subscription with no additional call charges keeps costs under control. Managing your fleet is simple, since updates are delivered over the air without needing to touch a single device or handle any radio programming cables. Modify your talk groups remotely and in real-time.

Whether you're managing 10 devices or a fleet of 10,000, minimizing administration overheads can save your business time and money.

TD-M6 Plus Series radios keep communication simple and quick, so you can focus on driving business results.
